Orlando, Florida .

AFRICAN VIOLETS

Please Read Before Ordering

Due to increased postal rates, it will be necessary to add a 50¢ charge to all orders of \$3 and under, and 75¢ to all orders above \$3.00. On large heavy plants please add \$1.00 for shipping beyond the 5th zone.

Please allow for Special Handling; Special Delivery; Air mail etc. as you wish your order sent. I insure all orders for save delivery outside of Florida.

Gift leaves will be sent in all leaf orders. Some leaves are in short supply so please list a few substitutes in leaves or rooted cuttings when ordering. I will not substitute unless I am out of what you want. Often I will have a rooted cutting instead of a small plant so I will send you what I have.

Visitors are welcome any day except Saturdays. I am located in north central Orlando, one block south of Par Avenue (north city limits) and the second house on the north side of West Preston Avenue, west of DePauw St.

CODE --- Varieties with one * in front of them will not be ready until in May to take leaves off, but I may have a few small plants of them a little before. Those varieties with two ** in front of them will not be ready until about September. R. C. means rooted cuttings with small plants on; s. p. means small plants well established out of small pots; L means fresh cut leaves. I expect to have rooted cuttings of all varieties by September.

GROUPE I

Leaves 50¢; r. c. 75¢; s. p. 75¢ as noted. Leaves of all varieties.

MRS. VALLINS ORIGINATIONS

- **ANGEL CHILD -- Fringed pink and white, much chartreuse, full dbl; med. green fol. Good.
